

ARIZONA DEPARTMENT OF TRANSPORTATION PUBLIC MEETING

Your Input Is Needed on SR 95 Realignment, Lake Havasu Area Corridor Location Study & Environmental Overview

**Tuesday, March 4, 2008
6:00 p.m. - 8:00 p.m. (MST)**

**Presentation at 6:30 p.m.
Lake Havasu Aquatic Center Gym
100 Park Ave.
Lake Havasu City, Arizona 86403**

The Arizona Department of Transportation (ADOT), Mohave County, and Lake Havasu City, in coordination with the Federal Highway Administration and Bureau of Land Management, have initiated a study of potential corridors in which to realign the portion of State Route (SR) 95 that passes through Lake Havasu City. SR 95 would potentially be realigned between Milepost (MP) 175 and MP 191 to a new corridor east of Lake Havasu City. The study will identify feasible corridors in which SR 95 could be realigned. It is anticipated that the findings of this study will be carried forward for further, detailed study.

The purpose of the meeting is to gather public input on issues, concerns, and opportunities to be considered during the study. The comments received from this meeting will be used to help identify critical

issues for the SR 95 realignment. Study team members will be present to answer your questions and address your concerns. Maps of the project area and informational exhibits will be available for viewing at the meeting.
